

Jamaica - Available Data

20 discrete areas offshore and 4 onshore were demarcated for the 1st formal round with a total area of 17,790 km² onshore and 127,455 km² offshore.

8 offshore blocks were awarded at the end of 2005 and 4 offshore blocks awarded in 2007. In 2009 a further 11 offshore blocks were added.

The following PCJ data is available, via a JEBCO/MDOil PCJ agreement, to evaluate the opportunities:

1. Report

The Realisation of the Hydrocarbon potential of Jamaica Phase I: Setting the scene Volume I and Volume II JEBCO Alliance Report - Paper and CD copy available.

License fee US\$45,000

2. Digital, seismic, well and library data

A. Seismic data (scanned)

Prakla/GA 4,065 km
CGG/UT 1,100 km
GSI 4,165 km
Sefel/PCIA 1,770 km

Shot point map.
Available acquisition reports
Seismic scanned to DVD / CD at minimum resolution of 400 dpi

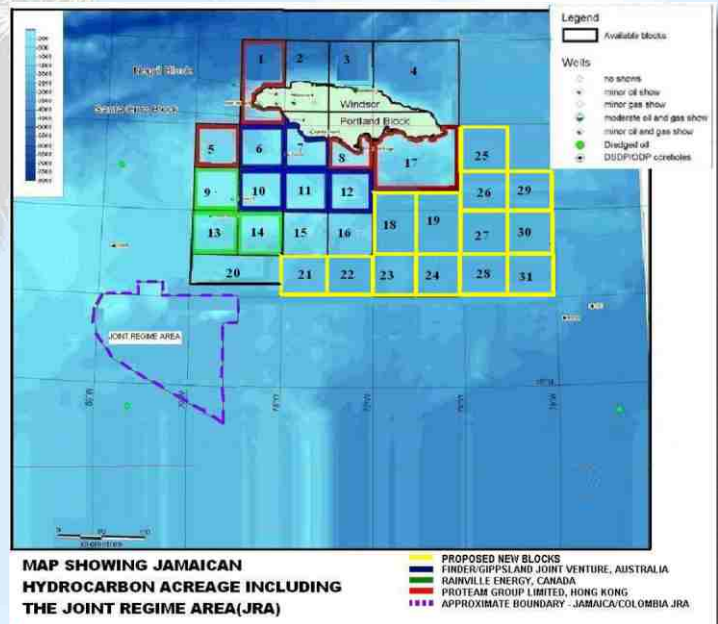

B. Well data

Negril spots #1 1955
Santa Cruz #1 1956
Cockpit #1 1957
West Negril #1 1957
Pedro Bank #1 1970 (offshore)
Portland Ridge #1 1971
Content #1 1972
Hertford #1 1981
Arawak #1 1982 (offshore)
Windsor #1 1982
Retrieve #1 1982

The following data for each of the specified wells where available is included in the Data Package:-
Gamma ray log, caliper log, shallow, medium and deep resistivity logs, neutron log, density log, sonic log, composite well log, mudlog, final well report. *Scanned to disk by Adams Consulting.*

Core hole reports

Windsor # 1, Ecclesdown # 1, Blowfire Hill # 1

C. Library Reports

DVD copy available

License fee A + B + C US\$ 10,000

3. Digitally reconstructed seismic data and corrected navigation

GA78, JA62, UJT and PCIA surveys.
DVD copy available.

License fee US\$40,000

4. Reprocessed seismic data

Shot records, geometry and PSTM gathers with radon transform for: G78-024, G78-04, G78-105, G78-109, G78-20, GA-203, G78-27, JA82-12, JA82-9, PCIA-9024, PCIA-9025, PCIA-9026, PCIA-9032, PCIA-9053 & UTJ80-12 (1,026km) and Radon migration and Radon stacks for G78-024, G78-04, G78-105, G78-109, G78-20, GA-203, G78-27, JA82-12, JA82-9, PCIA-9024, PCIA-9025, PCIA-9026, PCIA-9032, PCIA-9053.
DLT and DVD for reprocessed data and copies and Radon stacks on 2 Cds.

License fee US\$40,000
